Drivers and Hire

- All drivers must be between 25 and 80 years of age
- Full driving licence valid for New Zealand, held for a minimum of 3 years, sighted prior to hire.
- Use on unsealed roads > 2km, time trials, illegal activities etc is not permitted and voids insurance.
- No smoking or animals in cars – undue spoiling of interior/exterior e.g. suncream, will incur \$75 valeting fee
- All drivers are strongly encouraged to familiarise themselves with the latest New Zealand Road Code before hire at www.DriveSafe.org.nz. We reserve the right to postpone or refuse hire if we have any reason to believe you are unfit to drive, e.g. taken a long haul flight within the last 24 hours, unpractised with manuals.

All cars come with the following included in the price

- *Unlimited* kilometres
- 24/7 Roadside Assistance Package
- A personal familiarisation session and documentation
- A full tank of petrol – please return full with the correct grade fuel
- Comprehensive insurance covering the South and North Islands. See below for excess reduction options. As the renter you are responsible for the excess whether at fault or not, but may be able to recoup later if not.

You may be liable for any / all damage and other costs should our insurance refuse to pay out due to reckless, negligible, illegal behaviour or triggering any of their exclusions. Full insurance terms available on request. Some credit card / travel insurance policies may already cover hire car excess up to specific amounts - please check terms.

Bookings and Availability

- We require at least 24-48 hours booking notice – all cars are ‘one offs’ subject to availability.
- A 20% deposit is required immediately to secure your chosen dates and car.* The full hire amount must be paid 2-4 weeks prior and cleared prior to collection. Payment is acceptance of all our terms of hire.
- Cancellation / no show charges apply below, unless you both notify us at least 48 hours prior to hire start time and re-book / hire within 3 months of the original hire date.*

Date cancelled prior to hire commencement date	% of the full hire fee due for payment
Over 31 days prior	20% (*see note whilst under COVID-19 levels)
10-31 days prior	50% (*see note whilst under COVID-19 levels)
Less than 10 days prior	80% (*see note whilst under COVID-19 levels)

** If NZ is under official COVID-19 alert levels, any monies paid are held as credit for 2 years if the hire cannot be taken.*

Because we hire ‘one off’ vehicles it is possible that your chosen car may become unavailable for your selected dates at very short notice, e.g. due to essential repairs or parts delay. Should this happen, we will endeavour to provide as much notice as possible and offer an alternative if available, or a full refund.

1. **Valid photo ID driving licences of all parties intending to drive**, in English. Licences of any drivers must be sighted before or at collection, no other parties are insured to drive.
2. **Credit card** to cover traffic infringement fines, (which carry an extra \$100 administration charge per fine), extension of hire and **insurance excess bond**, which can be reduced down depending on car and country of driving licence held. The bond is also to ensure the car is returned in the condition it was hired, and we **merely record the card details at collection** with no pre-authorisation. No deductions will be made without consultation, and we only require payment where damage is obvious and requires appropriate rectification.
3. **Soft luggage / bags only**. Storage space can be limited/odd shaped, even a single suitcase may not fit in some cars. Please enquire on exact dimensions early – we can provide a luggage loan service if required.

Legal Waiver

All hire cars are subject to potential mechanical failure, and being older classics our cars may have a higher risk. Whilst covered by a comprehensive Roadside Assistance Package you may not be able to proceed to your original plans if issues arise. Signing our rental agreement waives RentAClassic and its officers from all claims, losses, damages or expenses for any adverse outcomes resulting from hire, accidents or mechanical issues by all in the hire party e.g. missed flights or accommodation, holiday curtailment, including if not a resident of New Zealand, waiving the right to commence any legal proceedings outside of New Zealand.

If your car does fail to proceed solely due to its own fault~, and cannot safely or legally be made roadworthy within 3 working days of recovery after breakdown, then the following will apply:

- If you're within 100km of one of our bases, RentAClassic will endeavour but make no guarantees to provide a suitable replacement vehicle from our fleet, if available for the remainder of your hire.
- If not possible or not wanted, you have the option to:
 - a) wait until roadworthy and continue the hire - we will refund you every 24 hour period out of action
 - b) cancel the hire - we will refund you the balance of days remaining from the point of breakdown, and you will need to make your own onward journey arrangements.

~ Driver at fault items like flat healthy battery or lockout will incur charges to rectify.

I accept these terms (payment for services constitutes acceptance)
